Plants help the planet!

• *NEAR THE FLASKA RECLINATA*

A Wilderness Explorer understands that plants are an essential part of the ecosystem on Pandora just as they are back on Earth. They support life, provide oxygen and create habitats for animals. Plants also have many special features that help them survive. If you look closely you will see that many of the plants here on Pandora are similar to plants back on Earth.

REQUIREMENTS:

#1 THE FLASKA RECLINATA IS A PLANT ON PANDORA THAT RESPONDS TO TOUCH.

#2 LIKE THE FLASKA RECLINATA, SOME PLANTS ON EARTH ALSO RESPOND TO TOUCH. CIRCLE THE PLANT BELOW THAT SHARES THIS ADAPTATION.
